BIDDER'S QUESTIONS

QUESTION #1: M1.1 – states that the following equipment is to be 'Owner Supplied' - #13, #21, #27, #29, #30, and #41. However A1.0 states these items are 'New to Purchase and Install'. Please confirm these items are in our scope of work to supply and install.

ANSWER #1:

Sheet A1 takes priority over sheet M1 for contractor Purchase and Install equipment. The equipment list on sheet A1 has a column labeled "Purchase & Install / Not in Contract". The items labeled "New to Purchase and Install" and "Purchase and Install" are all equipment with this tag that are to be purchased and installed by the contractor. The "n.i.c." tag meaning not in contract are for information only to know what is in and around the equipment the contractor is installing.

QUESTION #2: Please confirm all items on the schedule on A.10 that say 'New to Purchase and Install' or 'Purchase and Install' are to be supplied by the GC and installed by the Mechanical Contractor.

ANSWER #2:

The equipment list on sheet A1 with items labeled "New to Purchase and Install" and "Purchase and Install" are all equipment with this tag that are to be purchased and installed by the General Contractor in this contract.

QUESTION #3: It appears that to have room to install #27, 28, and 29 we would need to remove/relocate the large (4) bay food prep sink along the wall. Please confirm that is the intent to delete that sink along with drainage and water lines.

ANSWER #3:

This is the intent: to delete that sink along with drainage and water lines.

QUESTION #4: What is the scale on drawing A1.0. We see no notations.

ANSWER #4:

See attached revised drawing A1.0 dated June 23, 2020 showing a graphic scale.

QUESTION #5: The spec for item #43 requests a new floor. Are we being asked to replace the floor panels or cover them with new material?

ANSWER #5:

To give us a new Floor, cut out the existing floor and install new.
